

SourceSuite

Supplier Benefits

SourceSuite is the comprehensive procurement solution, robust in functionality and unmatched in flexibility and security not only for your buying organization, but also for your supplier base.

FEATURES

- // Suppliers receive automatic notifications when bid opportunities matching your vendor profile are published
- // Suppliers can submit bids and quotes electronically for entire projects or line items
- // All bidders receive notifications of addendum immediately and at the same time, mitigating any risks.
- // Bidders receive bid deadline reminders, alerting them to the closing bid date of opportunities they have downloaded and viewed.

BENEFITS

- // A secure environment with SourceSuite's identity verification and access authorization systems for all electronic bids
- // Frequent updates to the SourceSuite cloud-based software ensure that bidders and buying organizations have cutting-edge features and functionality at their fingertips, in perpetuity.
- // Electronic bid submission still ensures that governance rules dictating compliance requirements are being met

HIGHLIGHTS

- // Elimination of manual processes within supplier and bid management
- // Transparent bidding process with full audit reports.
- // Configurable e-procurement solution to meet your organization's needs
- // Electronic document distribution and bid submission
- // Compliance with procurement guidelines

"The purchasing solution is set up to change with us, they are really in tune to what our needs are and I give them compliments for addressing the changing times and new agencies that come on. The service is really easy to look at, it's great to use, the vendors love it and it represents New Mexico well."
