

SourceSuite

Buyer Dashboard

Get a live snapshot of your buying organization's procurement activity with SourceSuite's Buyer Dashboards. Our configurable dashboard automatically consolidates important data from every area of your organization's procurement activity into an interface that is both visually attractive and easy to navigate. Our customers are able to view live data of their procurement activity as a whole as well as drill down for further details. All data is easily accessed and is exportable to Excel for further analysis.

FEATURES

- // Multiple configurable dashboard zones with data selection
- // Data from each individual zone can be exported individually
- // All information is live and updated in real time
- // Choose drill down options by buying contact, date, or access all information at once

BENEFITS

- // Access live information on all purchasing activity in a single location
- // Simple and visually appealing graphs give an overview of your buying organization procurement activity
- // Easily export data into excel for flexibility during analysis

HIGHLIGHTS

- // Elimination of manual processes within supplier and bid management
- // Transparent bidding process with full audit reports.
- // Configurable e-procurement solution to meet your organization's needs
- // Electronic document distribution and bid submission
- // Compliance with procurement guidelines

"The purchasing solution is set up to change with us, they are really in tune to what our needs are and I give them compliments for addressing the changing times and new agencies that come on. The service is really easy to look at, it's great to use, the vendors love it and it represents New Mexico well."

Tammy Brisco West
Purchasing Director, Chaves County
